### **Computer Support Services, Inc. Attains Microsoft Gold Certified Partner Status**

November 7, 2006, Lewisburg, PA

Computer Support Services, Inc. (CSSI) has achieved the Microsoft Gold Certified Partner status in the Microsoft Partner Program. This honor comes through the achievement of dual competencies in *Network Infrastructure Solutions* and *Business Solutions – Microsoft Dynamics GP* (formerly Great Plains Accounting). CSSI has been a member of the Microsoft Partner program since 1998.

Microsoft Gold Certified Partners enrolled in the *Network Infrastructure Solutions Competency* have proven ability to design solutions and implement technology based on Microsoft Windows Server products, such as Windows 2000<sup>®</sup> Server or Windows Server<sup>™</sup> 2003 operating systems. Implementations include installation of network servers, workstations, printing, networking solutions, internet services, and remote access technologies. CSSI's presence in the marketplace provides customers with dependable, reliable support to keep their critical business applications operational.

“This designation allows CSSI to demonstrate to its customers its knowledge of building solutions based on Microsoft Technologies. It recognizes CSSI's expertise and rewards it for the effect it has in the technology marketplace,” - Allison Watson, Vice President of Worldwide Partner Sales and Marketing Group, Microsoft Corporation

Partners enrolled in the *Microsoft Business Solutions Competency* have proven expertise in designing and implementing enterprise resource planning solutions – custom financial reporting systems – using Microsoft Dynamics<sup>™</sup> GP accounting software (formerly Great Plains). CSSI provides support by identifying a company's software and financial planning needs through implementation, training, customization, and support.

“The Microsoft Business Solutions Competency provides CSSI with a way to showcase its expertise in ERP and financial software to customers who depend on them for services. Microsoft partners that specialize in business applications meet a unique market need.” - Tami Reller, Corporate Vice President, Microsoft Business Solutions

CSSI is dedicated to solving IT challenges for its customers throughout Central PA.
