COMPUTER SUPPORT SERVICES INC. HONORED ON THE 2007 INC. 5,000 FIRST-EVER LIST OF THE 5,000 FASTEST-GROWING BUSINESSES

September 4, 2007 - LEWISBURG, PA

Computer Support Services, Inc. (CSSI) located in Central PA, was recently named to Inc. magazine's Inaugural Inc. 5,000 list of the fastest-growing private companies in the country. "The Inc. 5,000 provides the most comprehensive look ever at the most important part of the economy – the entrepreneurial part," said Inc. 5,000 Project Manager Jim Melloan.

The 2007 Inc. 5000 list measures revenue growth from 2003 through 2006. To qualify, companies had to be U.S.-based and privately held, independent – not subsidiaries or divisions of other companies – as of December 31, 2006, and have had at least \$200,000 in revenue in 2003, and \$2 million in 2006. The list of the fastest-growing companies in the nation includes 606 companies in the Mid-Atlantic region, with 191 of those companies in Pennsylvania.

Tom Erickson, Vice President of CSSI commented, "We have some innovative products, and a strong commitment to customer service. It's terrific to receive recognition from such a venerable source."

As CSSI begins its 35th year, it continues to reinvent itself to stay current with the latest trends in technology. Maintaining partnerships with Microsoft, Intermec, and other IT companies provides CSSI with opportunities to stay abreast of the ever-evolving IT industry. CSSI's fiscally responsible management maintains capital to weather downturns and to take advantage of expansion opportunities. CSSI employees have great technical savvy with experience in hundreds of small and mid-sized companies. CSSI's survival does not depend on a particular vertical market.

CSSI customers are businesses with IT infrastructure and custom computing needs.

Geographically, market segments vary based on products and service lines. Local and regional services generally include network installation and maintenance, Microsoft Dynamics sales and support, and custom software development. Regional, national and international sales include barcode, RFID, and GPx documentManager sales and services.
